

# Welcome to the Star Awards

## Event Description

In 1992, the Texas Association of Builders launched the Texas Star Awards — the only statewide tribute to excellence in the home building industry. In 2005, this remarkable awards program expanded to include projects throughout the Southwest. The Star Awards will continue to showcase the outstanding work of builders, remodelers, architects, designers, sales professionals, marketing professionals, construction professionals and industry leaders in Texas and the Southwest! 2021 marked 28 years of recognizing TAB members in Texas.

The Star Awards is held in conjunction with the Sunbelt Builders Show™. With more than 110 categories to choose from and hundreds of entries each year, it is an impressive feat to be identified as a finalist, let alone a winner.
